What About Accomodating the Tourists?

GRAND LODGE A. O. U. W. VISITORS

Effort to Organize a Ledge of Patriotic Sons of America - More Gold Ore Brought In. Etc.

Salt Lake Herald Bureau, No. 2022 Washinston Avenue, Ogisex, August 21, 1880.

into can be learned on the subject.

Joseph Scoweroft and wife were an Monday's Union Pacific train, returning bone from their trip to New York, whither they have been for business and pleasure.

No one need complain of being out of work when the city is placarded with advertisements for mon to work on the Denver & Rio Grande Railway for the Corey Hros.

The Utah & Northern south bound pas-uger train, Monday, was delayed an hour more near Swan Lake, caused by a cul-ert washing out. No serious damage was

done, hovever.
Thomas S. Ocie, a freeman on the Utah &
Northern Hailway, died at the Union Pa
elife hospital on Monday, of typhoid fever.
Has bedy was taken to Pocatello for burin Tuesday morning.

Mr. Hank is still tumb on the subject of his location and brows all questioners off the track. Business before his honor was unusually milet vesterday, only two brivial cases con-ing up. J. E. Leary was given fifteen days or petry larveny, and J. Jones 216 and osts for carrying concealed weapons. A part of six or seven business men left

tor petty larcency, and J. Jones 216 and costs for carrying conceased weapons. A party of six or sovieh business men left into moraling for a week's trip through the moratians to make an examination of the mines and study the country with a view of investing in Ogden's new industry.

The dirty fling at Ogden in Sunday's reseme is condemned on every hand. A better class of connellmen could not be extred in any city, and the Tribune shows baining that the underlying cause of its ding at Ogden's council is jealousy. Ogden's prosperity should be a matter of rejeicing by our sister city, and the feeling that has been, manifested by the Tribune threight has been, manifested by the Tribune chrisis the past few months is reprehensible. The Tribune will gain no Tricust in Ogden for its invarianted attack.

An effort will be made to organize a lodge of the Patriotic Order of the Sons of America in this city. A spassmodic attempt was made a year any, but as little encouragement was given the matter was dropped. A society should be organized at once with large and enthusiastic charter membership, as it is a purely. American institution and one tending to invalente American ideas, love of our country and American supermany. Every lover of home institutions should enroll their names, and do nil itsey can to make the organization assucess.

For the past week or more, the question as been almost duly asked, "What providion is being made for the accommodation of the excursionists who will arrive here about the 50th?" No one has attempted to answer the questies, and it remained for he Tru Henaris man to take the initiative. Phe chamber of commerce three nothing of answer the questice, and it remained for the Irm Heralle man to take the initiative. The chamber of councree lines nothing of the excursion, either as to the number of visitors expected or date of their arrival. The office of the latter-state Land and Loan company was visited, and Mr. Swan reported he had just received official notice from Mr. J. W. Strayer, dated Denver. August 15, saying there would be about three hundred excursionists for Option, and requesting that arrangements be made for their accommodation. The letter was ast evening turned over to Judge Knusss, of the chamber of commerce, who will take the matter in hand and see that arrangement grants are made, so no one need be turned away for lack of accommodations. Judge Knuss requests that all who have room that, can be spared, will leave their addresses at the chamber of commerce as soon as possible. A great many of the excursionists will remain permanently in our city, and it behooves us to de all we can for their comfort and pleasure while here, and the other gaves of the none go away for tack of accommodations.

This town is one of the most promising in Ransas, located on the Union Pacific railway. It is a division station of that road and has division shops, round house and eating station. Mills and factories are springing up, and it is becoming a thriving place in the midst of a presperous farming region. It is a healthy place, and the soil and climate are excellent.
